This document contains changes to the course guide copyrighted 1999-2008 and above. Each change has two entries. The first helps locate the location in the book (page number and publishing date) needing attention. The second states the update.

Pages 1.1 through 1.11 2/22/08 The information stated on these pages refer to program version 22.

General Update Program version 23 is the current version being sold. Similar information as shown in the current course guide is contained on the version 23 box. All reference to using CDs should be changed to DVD in that the program no come stored on CDs.

Page 1.12 2/22/28 HOW TO INSTALL COURSEFILE AT HOME

Update If you are installing version 23 note that the program no longer allows installation to the hard drive of the graphics library contained on the DVD. Ignore this section. When you select a version 23 graphic from the Gallery for a project, you will be prompted to put the Print Shop DVD in you computer's DVD drive. With the DVD in your computer, the program will copy the graphic you selected from the DVD and put that copy in your project.

Page 2.35 2/22/08 **Keyboard** - Type the new value **255**

Update **Keyboard** - Type the new value **225**

Page 2.50 2/22/08 • *Corner Triangle Available Online* should be highlighted. If it is, click the *Select* button. The graphic should show on top of the center photo of Ann.

Update • *Corner Triangle Available Online* should show on the third line; click on it, then click the *Select* button. The graphic should show on top of the center photo of Ann.

Page 4.8 2/22/08 **Keyboard** – Type **party time**
